Minutes from the March meeting were reviewed. A motion was made by Mary Grabowski to accept the minutes and seconded by Dohm Jellison. Approved

Information on Emergency preparedness and on local shelters was shared. Mary Ryan was welcomed to the meeting and expressed interest in joining the Commission.

Guy Boucher Director of the Sandwich Recreation Department presented on what programs are offered by the town. Of special note was the special Olympic team for young children. Guy is very knowledgeable about community programs and very willing to include anyone and accommodate their needs. He works with the Sandwich schools to include children on IEP's in summer programs and with Spaulding for biking and kayaking.

Guy expressed an ongoing need for adaptive equipment. They would like an accessible van for program use. The town beaches all have Beach chairs for people to use to get into the water however with the changing coastline access continues to be a challenge.
