

Sandwich Energy Committee

Meeting Minutes
March 13, 2014
7:00 pm
Human Services Building

Present: Ann, Sarah, Kevin, Damien Everett [REDACTED]

1. Welcome
2. Guest Desiree Revoir – Interested in joining the committee
 - a. Desiree, a longtime Sandwich resident, is interested in joining the SEC. She worked with Sarah as an intern at Self-Reliance before joining the team at E2 Solar and is pursuing her Associates Degree in Environmental Technology.
 - b. Desiree will send a statement of interest to the committee and Sarah will contact Doug Lapp to arrange for her to meet with the Selectmen.
3. Ideas for 2014
 - a. Earth Day – Sarah did not hear back from the woman regarding a screening of the movie “Switch.” Maybe another goal could be an informational event with a CLC rep present to talk about energy audits? Sarah will follow up with Everett to discuss that possibility.
 - b. Other ideas include involvement with the 375 celebration. School energy events? Sarah will reach out to Gill Newton.
 - c. Damien will check in with the MIT solar car.
 - d. Green Communities
 - i. Vehicle procurement criteria might be a good place to start with the confusion around stretch code, changing building code etc

7:30pm. Meeting adjourned
