

Sandwich Commission on Disability

Minutes: June 7, 2017

Meeting opened: 4:35PM

Members present: Sylvia Kelly, Mary Grabowski, Polly Sherman, Brendan Brides, Dohm Jellison

Minutes from the May meeting were approved.

The members discussed the materials from the Mass Office on Disability. We reviewed the municipal responsibilities and decided that the Commission would like to focus on helping the town complete the self evaluation of the accessibility of the town. A motion was made by Brenden Brides that the chair would contact Mr Lapp to set up a meeting about the state grant that helps towns to do this evaluation. Seconded by Dohm Jellison and the members approved unanimously.

Each member described what he or she brings to the committee and we discussed aspects of our community that we are interested in. Some ideas that we listed were playground safety, automatic doors in public buildings, and handicapped parking and access. The group was interested in in having the Sandwich Special Education director come to a fall meeting to educate us on programs and needs of our students with special needs.

Sylvia Kelly motioned to adjourn the meeting and Brendan Brides seconded. All voted in favor of the motion.

Meeting adjourned at 5:45
