

UPPER SHAWME POND DAM PROJECT

- \$340,000 of CPA funds was used for upgrading and completely replacing Upper Shawme Pond Dam and replacing the non-functional fish ladder between Lower and Upper Shawme Ponds.
- \$12,000 of CPA fund were used to construct a crossing over the spillway at the Upper Shawme Pond Dam and to install symbolic fencing to discourage foot traffic in inappropriate areas and to create a safer environment for visitors to the property.
